Proposed Course Name:

Academic Unit	Appointment %

**Executive Officer Approval**

I support this proposal for a Humanities Research Lab in the spring semester of 2024. If the course is selected:

- I understand that the above faculty member will spend the fall 2023 semester retooling the above existing course, in consultation with the Humanities Research Institute (HRI) and the Office of Undergraduate Research (OUR), to debut it as a research lab in the spring 2024 semester.
- I agree that our department will cap the course’s enrollment at 20 students.
- I acknowledge that my department/unit will receive \$3,000 from HRI in recognition of its support for this effort.

If the proposed course is selected to be offered as a Humanities Research Lab, our academic unit agrees to offer the course, capped at 20 students, and taught by the above faculty member, in the spring 2024 semester.
