I support this proposal for an Interseminars Project to be conducted during the 2024-25 academic year. If this project is selected for the Interseminars initiative, I understand that the faculty member will be released from one course in the fall and one course in the spring. I am aware that the department providing each course release will receive \$21,000 per course (up to a total of \$42,000) to help offset expenses incurred as a result of the faculty member's participation in the Interseminars initiative. In the case of joint-appointed faculty members, the distribution of funds will be determined upon award. Our department/academic unit understands that courses developed and taught for Interseminars will count toward the faculty member's teaching record in any subsequent tenure and/or promotion process.

If the proposed project is selected, our academic unit agrees to offer the proposed course for credit under the rubric indicated (if applicable).
